Entitlements are open for two years on stock orders	✓	✓	?
Entitlements are open for one year for narrow aisle products	✓	✓	?
Core credits are processed within four days	✓	✓	?

When It Comes To Remanufactured Components, The Details Count.

Even though most reman parts look the same, they aren't always what they seem. The difference is in the details. Cat Lift Trucks and the Promatch® parts program offer quality remanufactured components for all makes and models of lift trucks, along with comprehensive program benefits for you and your customers.

Our program is more than repairing or reconditioning. Each component is remanufactured using the latest techniques, backed by the same warranty as our new parts. When you choose a Cat® lift truck or Promatch remanufactured component, you're choosing a product that's been completely cleaned, remanufactured, inspected and tested. With same-as-new performance and on-the-shelf availability, your customer can get back to work quickly.

For more information, please contact your regional parts sales manager.
