Description

Combining the latest in operator ergonomics, advanced AC control systems and customized performance, the 2ET2500-2ET4000 series of three-wheel electric forklifts is ready to work. Electric motors protected to IP54 and specially designed options like operator cabins allow these lift trucks to operate in areas outside of traditional electric forklift applications.

Shipping & pickup

Buyer is responsible for shipping arrangements and all costs related to transporting the equipment including permits, tear-down, cranes, or other incidentals that may be required to legally transport your purchase.

Following the settlement of the outstanding balance, arrangements must be made immediately to have equipment picked up within ten (10) business days as Toromont may, at its discretion, assess storage fees.
