WARRANTY

Description

These 2,500-4,000 lb. capacity lift trucks are equipped with the newest generation of AC technology and offer numerous advantages like minimal energy consumption. Industry-leading drive and lift performance levels and the ability to run up to two shifts on a single battery charge in most applications results in lower maintenance requirements and a lower overall cost of ownership.

Shipping & pickup

Buyer is responsible for shipping arrangements and all costs related to transporting the equipment including permits, tear-down, cranes, or other incidentals that may be required to legally transport your purchase.

Following the settlement of the outstanding balance, arrangements must be made immediately to have equipment picked up within ten (10) business days as Toromont may, at its discretion, assess storage fees.
