## Description

---

The 4,500-6,500 lb. (2,200-3,000 kg.) series of electric cushion tire lift trucks features exceptional comfort and durable construction. Designed to deliver high performance while being extremely efficient, the EC23N-EC30LN series maximizes power while using less energy. Its rock-solid frame ensures added stability, while the low maintenance components help to maximize uptime.

## Shipping & pickup

---

Buyer is responsible for shipping arrangements and all costs related to transporting the equipment including permits, tear-down, cranes, or other incidentals that may be required to legally transport your purchase.

Following the settlement of the outstanding balance, arrangements must be made immediately to have equipment picked up within ten (10) business days as Toromont may, at its discretion, assess storage fees.
