Description

The 2EPC5000-2EP6500 series of 80-volt four-wheel electric pneumatic tire lift trucks provides maximum

performance in a variety of applications due to advanced AC technology and operator-friendly controls. This series provides all the benefits of an electric forklift, including elimination of harmful emissions and reduced maintenance costs, while still delivering performance similar to or better than an IC forklift.

Shipping & pickup

Buyer is responsible for shipping arrangements and all costs related to transporting the equipment including permits, tear-down, cranes, or other incidentals that may be required to legally transport your purchase.

Following the settlement of the outstanding balance, arrangements must be made immediately to have equipment picked up within ten (10) business days as Toromont may, at its discretion, assess storage fees.
