## Description

Rear-wheel drive, a compact design and high performance are just some of the strengths of the EFG 110k-115 series. This forklift, with capacities ranging from 2,000-3,000 lbs., has excellent performance in restricted spaces due to its compact dimensions. Designed with rear drive, the EFG 1 series can also turn within its own footprint for greater maneuverability.

## Additional Information

## Shipping & pickup

---

Buyer is responsible for shipping arrangements and all costs related to transporting the equipment including permits, tear-down, cranes, or other incidentals that may be required to legally transport your purchase.

Following the settlement of the outstanding balance, arrangements must be made immediately to have equipment picked up within ten (10) business days as Toromont may, at its discretion, assess storage fees.
