Description

These 3,000 - 7,000 lb. capacity IC pneumatic tire forklifts are designed to move bulky materials ranging from lumber to brick and concrete. Offering some of the best travel speeds in the industry, this series is beneficial for applications requiring longer travel distances. Exceptional maneuverability and top lift and lowering speeds provide added productivity, shift after shift.

Shipping & pickup

Buyer is responsible for shipping arrangements and all costs related to transporting the equipment including permits, tear-down, cranes, or other incidentals that may be required to legally transport your purchase.

Following the settlement of the outstanding balance, arrangements must be made immediately to have equipment picked up within ten (10) business days as Toromont may, at its discretion, assess storage fees.
