Description

The EFX 410-413 series of turret trucks, featuring lift heights up to 23 feet and a maximum capacity up to 2,750 lbs., are designed to provide maximum versatility in very narrow aisle (VNA) warehouses. These turret trucks, the only series of its kind offered in North America, can be used with wire or rail guidance, increasing productivity and combining applications in very narrow aisles, wide aisles and staging areas.

Shipping & pickup

Buyer is responsible for shipping arrangements and all costs related to transporting the equipment including permits, tear-down, cranes, or other incidentals that may be required to legally transport your purchase.

Following the settlement of the outstanding balance, arrangements must be made immediately to have equipment picked up within ten (10) business days as Toromont may, at its discretion, assess storage fees.
