Description

The 7,000 - 8,000 lb. capacity IC cushion tire forklift series plays a central role in material handling applications that primarily operate indoors and on smooth surfaces. Built to accommodate a broad array of industries, these forklifts move diverse loads, including bulky materials ranging from lumber to palletized finished goods.

Shipping & pickup

Buyer is responsible for shipping arrangements and all costs related to transporting the equipment including permits, tear-down, cranes, or other incidentals that may be required to legally transport your purchase.

Following the settlement of the outstanding balance, arrangements must be made immediately to have equipment picked up within ten (10) business days as Toromont may, at its discretion, assess storage fees.
